SIR:

In response to the Official Action dated June 11, 2003, Applicants elect with traverse the species depicted by Claims 1-9, 16-34 and 42-44 of the present application (i.e., "Species I," as designated by the Examiner).

Applicants respectfully traverse the election of species requirement for the following reason.

MPEP § 803 states:

... If the search and examination of an entire application can be made without serious burden, the Examiner must examine it on the merits, even though it includes claims to distinct or independent inventions.

The claims of the present invention would appear to be part of an overlapping search area. Accordingly, Applicants respectfully traverse the outstanding requirements on the

grounds that a search and examination of the entire application would not place a serious burden on the Examiner.

Accordingly, an action on the merits is earnestly solicited.

Respectfully submitted,
